To our business partners

Price adjustment 2026

Dez 01, 2025

Dear business partner,

For many years, we have been a powerful and, above all, reliable partner for you. Thanks to our innovative products, our flexibility, and our high level of vertical integration, we have succeeded in supplying you reliably and guaranteeing high-quality products and comprehensive service despite many challenges. We want this to remain the case in the future, and we would like to take this opportunity to thank you very much for your partnership and cooperation.

We can all look back on a challenging time in the economy and industry. However, testing and maintaining American quality standards, increasing labor costs, and rising purchase prices require a price adjustment.

We have been able to keep our prices stable since January 1, 2024. We therefore ask for your understanding that all new orders from January 1, 2026 will be subject to a price adjustment of +4.2%.

We thank you for your understanding and look forward to continuing our good cooperation with you. Please do not hesitate to contact us if you have any questions.

Kind regards

W. Schrempp
